Regarding Support for Students with Disabilities

Nagaoka University of Technology has established the Support Office for Students with Disabilities as a university-wide support organization not only to ensure that students do not have to abandon their studies because of their disabilities, but also to maintain the quality of education and provide a smooth study environment.

In order to provide reasonable accommodation for each individual case after enrollment, the Support Office for Students with Disabilities would like to hold a discussion with each student with disabilities and their guardian/guarantor before enrolling at the university.

Therefore, if you believe that a discussion is necessary, please submit a Request for Reasonable Accommodation (attached form) to the address below.

Please note that the university may be unable to grant all requested accommodations or may need to discuss alternative options.

If you have any questions regarding this matter, please contact us at the following.

Submit requests to:     Section of Student Support, Division of Student Affairs,
